

CLEANING INSTRUCTIONS

STUDED SUITS

Hand wash in cold water. Fill tub about 5" with cold water. Add a small amount of Woolite and stir to blend. Place suit in water and gently swish around. After the suit is thoroughly saturated, rub any spots or stains with a bar of Ivory Soap. Turn suit over and repeat on other side (about 2-3 minutes per side). Drain water from tub. Refill with clean, cold water to rinse suit. Drain tub. Carefully remove suit from tub and place on large white towels. Pat dry on both sides, then hang up and let suit drip dry with fan blowing on it to speed drying. Carefully press over creases with steam iron, or use steamer to remove wrinkles.

STONES AND SOME STUDS HAVE BEEN HOT GLUED TO HELP INSURE THAT THEY WON'T COME OFF. USE CAUTION WHEN IRONING NOT TO GET TOO CLOSE TO STONES OR STUDS!!

If you have a hand wash cycle on your washing machine, you may place your suit in a king-sized pillow case and place in the machine on the cold water, hand-wash cycle. Pre-treatment with Shout pre-treater will help remove any stains that may be on the suit.

BE SURE TO PLACE SUIT INSIDE OF A PILLOW CASE & ON HAND-WASH CYCLE ONLY!!

EMBROIDERED SUITS:

Embroidered suits should be **DRY CLEANED ONLY!!!** When you take your suit to the cleaner, tell them to use a "short cycle, with low moisture, and dry at 120 degrees."

LEATHER GARMENTS

Leather garments should be cleaned by a **PROFESSIONAL LEATHER CLEANER ONLY!!**

SHIRTS

Shirts may be machine washed in cold water and Woolite on the gentle cycle. Tumble dry on low heat. Satin shirts should be pressed on the "polyester" setting. You may want to place in a garment bag to prevent snagging. Cotton shirts may be pressed on the "cotton" setting.

GOLD LAME JACKETS

Place disposable dress shields under arms to absorb sweat when wearing. Gently wipe jacket with damp washcloth as needed. **Jacket may also be dry cleaned.**

SPEEDWAY JACKET

Machine wash in cold water with mild detergent on gentle cycle. Remove immediately. Tumble dry on low heat. Press with med-high steam iron.

DISCLAIMER

We use the highest quality materials (rhinestones, nail heads, threads, etc.), however, we don't manufacture them. Therefore, we cannot be held responsible for any future damage these items may cause to your garment.
